Lego Education Afterschool Enrichment at Forest Hill

Early Simple Machines is an engaging hands-on toll that uses real life LEGO® elements to help students learn and explore basic mechanical principles on how gears, levers, pulleys, wheels and axels work, while gaining early insight into science and engineering. They will investigate force, buoyancy and balance, and solve problems with through designs while working in a collaborative setting.

Registration is online and closes 10/3. Space is limited to 20 students and based on first come, first served. *All students will be responsible to get to class on time. There must be a minimum of 14 students to hold the class. Refunds will be given with a 2-week advance notice minus $15 processing fee. No refunds after session has started. *YOUR CHILD MUST BE PICKED UP AT END OF THE CLASS DAILY OR RETURN TO AFTERSCHOOL PROGRAM. For more information please call Expanded Learning at 408-364-4200 ext. 6204.
